

Site D. The later Grange (EAST of Site B).

Contexts: + 1000 - 1199 AD - The Hall. Early

(+ 11th) Period, probably stone - + roof.

This is built in the late 13th century, and lasts until replaced by the farmhouse in 1625 AD.

Contexts: - 1300 - 1349 - Building XV (on East edge of site)

This has late 13th pits overlaid by a 14th stone building, possibly  
domestic. It does not appear to last long into the 15th.  
tho I've got 14th bone.

Contexts: 1350 - 1399. - Building XVI (E of the Hall,  
Boundary Wall w of Building XV)

This is in fact the boundary wall to the main grange enclosure, and is  
fronted by a moat (the fishpond).

The moat is silted up in the 15th century, and finds are not earlier  
than the end of the 13th.

Contexts

400 - 499 + 1500 - 1699. - The Kitchen (masonry).  
+ 1200 - 1223. (North of the Hall)

Phases 2 & 3.

Built onto the hall in the early 14th, this has two phases, the  
earlier being early 15th, and it goes out of use in the 16th. After this  
comes Phase 4

1581 - 1612. - The Dovecote (masonry),  
(SW of The Hall, E of Site B)

Possibly built in the 14th, and abandoned by the 18th.  
Two phases. cf 2-3 for Phase 1.

CWCD 01

1540 - 1590 (masonry) - Building XII. (East of the Kitchen)

Build late 13th / early 14th. Rebuilt in 17th. Abandoned late 18th.

XII

- K<sub>1</sub>) Phase 1 - Pre-blkdy (as Kitchen). setd at T. (6 AM) 12
