Notes on unidentified bone.

- D 1/5/6 sh sized vert. 5 ch, variously, ^{one} roughly sagittally; ~~but~~ none of ~~these~~ looks to be done after x
- " " ribs. Many nearly complete, eleven have chopper or knife marks, quite light, mostly transverse and ^{always} not breaking the rib.
- " cattle sized. vert. Mostly fragmentary, some chopped, no regular pattern. Large number of them, and of
" ribs. And ribs include 2 sternal rib pieces. Ribs fairly hacked about, fairly irregular.
- D 5 c.s. ^{no} scapula hole drilled, blade of scapula taken off and bone cut through at this point.
→ ? small find.
- cable (wrong shape for horse, fits cattle ok).
- D 5 s.s. ribs β On one, certainly a knife-cut 9x, not breaking rib. ? done after cooking when eating the meat.
